GREETINGS TO OUR GRADUATES OF 1969

We all regret the fact that it was impossible to publish a Yearbook in 1968-69. But my sincere thanks go to the Officers of Technical United, to Mr. Chirgwin and to the other sponsor teachers who have conceived and published this memento.

Although a few of you will return in September to continue your studies in Grade 13, most of you will go your many different ways. I shall join you in saying farewell to W.D. Lowe Technical School. It is my hope that your four or five years at this school have been as pleasant and rewarding to you as my thirty years here have been to me.

In these days of very rapid technological and social change each ambitious person must expect to meet heavy demands on his energies, and exciting challenges to his abilities and resourcefulness.

We believe that you are prepared to meet those demands and challenges.

Each member of the Staff joins me in wishing you every success and great happiness in the years to come.

L.F. McGee, Principal
